

Jubilation!

The force of good and love is strong, stronger than the forces of indifference. Forty years strong.

Since 1972 thousands of people have experienced a Sharing Walk with Jesus on Good Friday--physically and joyfully experiencing the essential gift of connecting walking-with-Jesus with bringing tangible relief to people who suffer.

This year will be the forty-first time that people will walk on Good Friday as a result of a simple decision made by an ordinary woman to walk to church on that holy day. This year it is still a simple decision: step out in God to bring hope to the people of God.

To celebrate and to commemorate these forty Walks, the artist Nancy Hansberry, a 500-mile walker from Hingham, has created this beautiful handcrafted porcelain medallion, the back of which is inscribed "Jubilation! 1972-2011".
